

Cache Valley Seed Swap

**March 18, 2017
10 AM to 1 PM**

Hyrum, Utah Civic Center Pavilion

The Cache Valley Seed Swap is all about sharing and trading seeds: Locally-grown seeds, regionally-adapted seeds, seeds from far away, open-pollinated seeds, heirloom seeds, hybrids. There will be seeds for vegetables, flowers, wildflowers, ornamentals, and medicinals. There might even be plants, rhizomes, or bulbs. If you love seeds, or love hanging out with people that love seeds, then this is the event for you! The swap is being held in the pavilion at the city center regardless of rain, snow, wind, or sun. For additional details call/text Joseph: 435-363-5119.
