#### Accommodation

Bed & breakfast available with Gavin's cousin Dr Ann Wilson 6 miles away @ £30 per night. She has one twin room and one single room. If you will have your own transport, I'd be quick to pay now & grab the single room, or hesitate and end up in twin room hoping any room-mate does not snore. More expensive and better is [Kerr Cottage](#) @ £50 per night single, or [Nail Factory](#) @ £40 per night. Nail Factory is of lesser standard than Cousin Ann. Kerr Cottage and Nail Factory are walking distance from Gavin's sheds. To save money, just bring a warm sleeping bag and sleep in the shed. Stretcher provided. Two shed sleeping places available.

Bring your own files or buy files on the day. Gavin's prices and file types will be advised well before the course.

Vises: bring your own, or borrow one. Raker gauges: Bring what you have

If you have fabrication skills, tell us. We may recruit you to make raker gauges.

Bring max 2 saws - that is all you could sharpen in 2 days. This (sadly) is not a saw show-off event. But please bring lots of saws to our Jan or Feb 2017 firewood event in Glasgow.

If you have a partner who is not interested in filing but would like to come & do some other making, there will be a whittlers' corner to make frame stools or spoons. Non-filer rate is £35.
